## 2023 is productronica year

Dear Mr Sita,

From November 14 to 17, 2023, productronica will welcome the entire world of electronics development and production back to Munich. After a long two years, the productronica team is looking forward to a reunion with decision-makers and thought leaders, industry representatives, established key players and innovative newcomers, as well as all the companies and visitors from Germany and abroad.

As usual, world premieres and products, applications and innovations along the entire value chain await you, along with solutions to pressing social issues such as the shortage of skilled workers, supply chain bottlenecks, and the carbon footprint.

I look forward to welcoming you to Munich from November 14 to 17.

Best regards,

Barbara Müller

Exhibition Director productronica

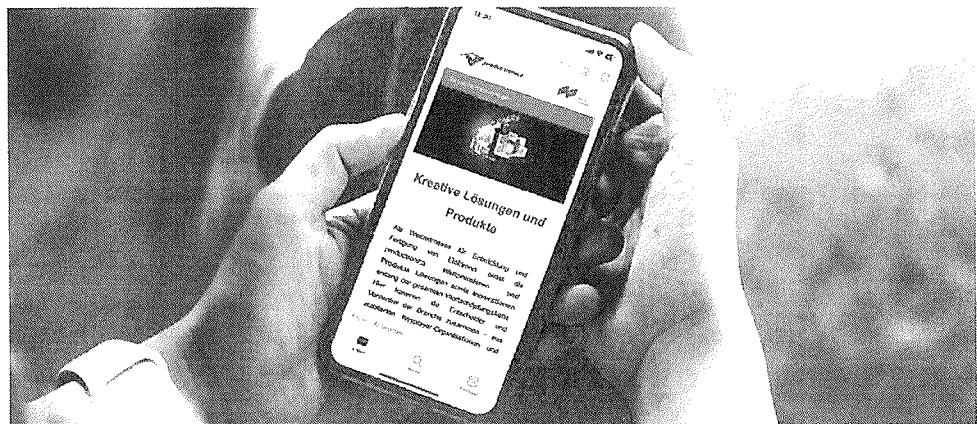

## Ticket shop is online

Climate change challenges us as a society to act responsibly—both as private individuals and in business. We at Messe München have set ourselves the goal of becoming climate neutral by 2030, and also want to give our exhibitors, visitors and partners the opportunity to contribute to climate protection by purchasing a GoGreen ticket.

Purchase your admission ticket here and register online as a visitor to productronica 2023.

## Always up to date—exhibitor directory

Use the exhibitor directory to plan your trade fair visit. The daily updated list informs you about all the products and services, clearly arranged according to area of application.

In addition, a series of selection options (alphabet, country of origin, hall, etc.) help you quickly find what you're looking for.

It's worth taking a look!

[TO THE EXHIBITOR DIRECTORY](#)

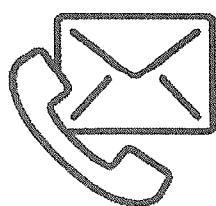

## First highlights in the supporting program

As usual, and yet new and exciting every time, the productronica forums promise lectures, round tables and discussions on current and future market and technology topics—wide-ranging, highly competent, and in depth.

At the **productronica Forum**, the focus is on trends and game changers for the SMT industry—from Industry 4.0 to artificial intelligence.

In the **PCB & EMS Speakers Corner**, digitalization and transformation play a key role alongside current market trends and future technology developments.

The **Innovation Forum** provides a wide-ranging lecture program on current topics, from semiconductor production machines and inspection solutions to quantum technology and electric mobility.

2.b Invitat să predau cursul "Sisteme de monitorizare confort și control energetic în clădiri - BEMS" în cadrul programului educațional post-universitar desfășurat în UTCN „Manageri Energetici pentru localități”, edițiile 2022 și 2023

The screenshot shows a Microsoft Teams interface. At the top, there's a navigation bar with icons for Home, Search (Ctrl + E), and Technical University. Below the search bar, there's a header with 'General' selected, followed by 'Posts' and 'Files'. A toolbar below the header includes 'New', 'Store', 'Copy link', 'Delete', 'Pin to top', 'Report', and a dropdown for 'Selected' and 'All Documents'. The main content area is titled 'Module curs' and shows a list of documents. The first document is titled 'Curs Manageri energetici localitati 2022' and has a preview showing a table of contents. To the right of the document list are filters for 'Modified' (dropdown), 'Modified by' (dropdown), and 'Add column' (button). On the left side, there's a sidebar with various tabs: Home page, Class Notebook, Classwork, Assignments, Grades, Reflect, Insights, Main Channel (selected), General, and Help. The bottom of the screen shows a footer with the user name 'Valentin Sita' and a date 'February 18, 2022'.

2.b Invitat la conferința 2023 8th International Conference on Robotics and Automation Engineering  
(ICRAE 2023)

# ICRAE 2023

2023 8TH INTERNATIONAL CONFERENCE ON ROBOTICS AND AUTOMATION ENGINEERING  
SINGAPORE | NOVEMBER 17-19 2023

**ICRAE 2023 IEEE CONFERENCE PROCEEDINGS (ISBN: 979-8-3503-2765-6)**

## PHOTO GALLERY

2023 8th International Conference on Robotics and Automation Engineering(ICRAE 2023) has been held successfully in Hotel Royal, Singapore on November 17-19 2023 in hybrid virtual style. ICRAE 2023 conference is co-sponsored by Singapore Institute of Electronics and Sensors, Systems Society of Singapore, IEEE and IEEE Robotics & Automation Society. There were around 80 participants from over 10 countries, including Singapore, USA, China, Italy, the Philippines, Malaysia, Germany, Thailand, Canada, etc. to attend the ICRAE 2023 conference.

ICRAE 2023 conference invited lots of prestigious experts in the areas of robotics and automation engineering to attend the conference, including: Prof. Shuzhi Sam GE, IEEE Fellow, The National University of Singapore, Singapore; Prof. Lihua Xie, IEEE Fellow, Nanyang Technological University, Singapore; Prof. Teresa Zielińska, Warsaw University of Technology, Poland; Prof. Xingjian Jing, City University of Hong Kong, Hong Kong, China; Prof. Everett X. Wang, Beijing Institute of Nanoenergy and Nanosystems, Chinese Academy of Sciences, China; Prof. Xing Zheng, University of Electronic Science and Technology of China, etc.

Besides the keynote speeches, there were 11 technical sessions for authors' live and online presentations in the areas of followings:

Onsite S1: Image Based Digital Detection Technology and Application;

Onsite S2: Robot Movement Control and Path Planning;

Onsite S3: Structural Control and Functional Simulation of Intelligent Robots;

Onsite S4: Modern Control Theory and Control Engineering;

Onsite S5: Evolutionary Computing and Optimization Algorithms;

Onsite S6: Autonomous System Control and Fault Diagnosis

Online S1: Intelligent Robot Model and Design;

Online S2: Image Analysis and Computer Vision;

Online S3: Advanced Control Theory and Engineering Applications;

Online S4: Data Driven Intelligent Systems and Communication Technology;

Online S5: Robot Motion Control and Trajectory Tracking;

After evaluations from session chairs, 11 best presenters were selected among all presenters. In order to encourage student authors, ICRAE 2023 added the Best Student Paper Award this year. Referring to the reviewing comments from TPC member and some suggestions from conference committees, we finally selected 1 Best Student Paper Award. Congratulations to these winners.

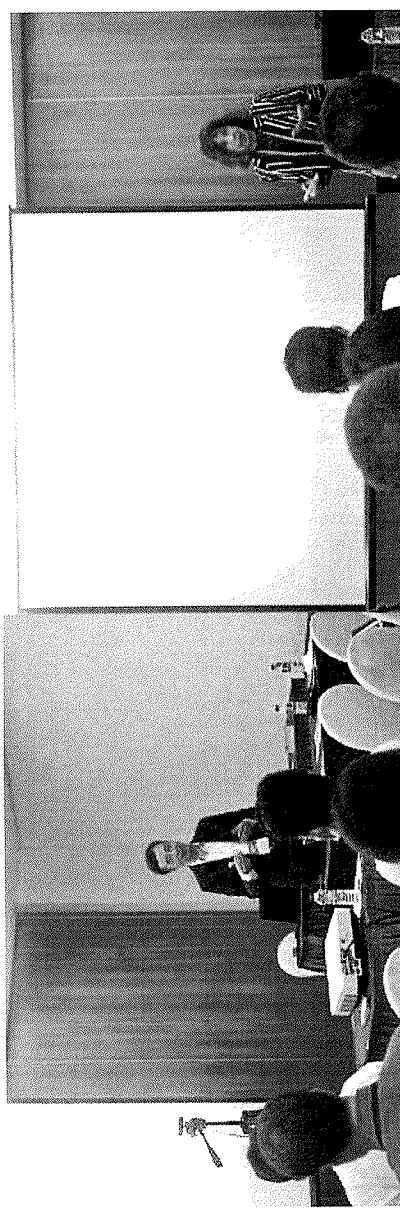

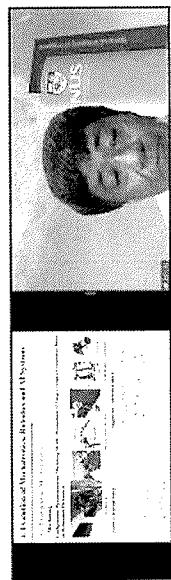

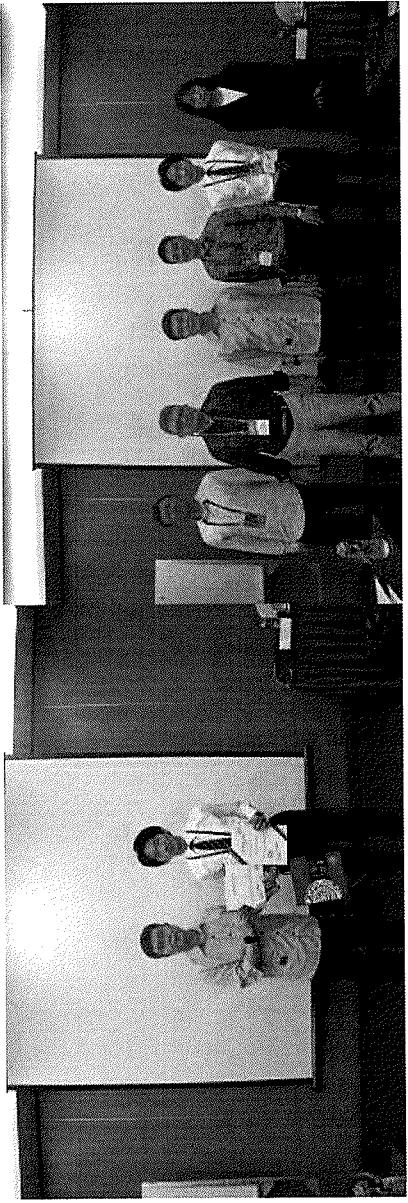

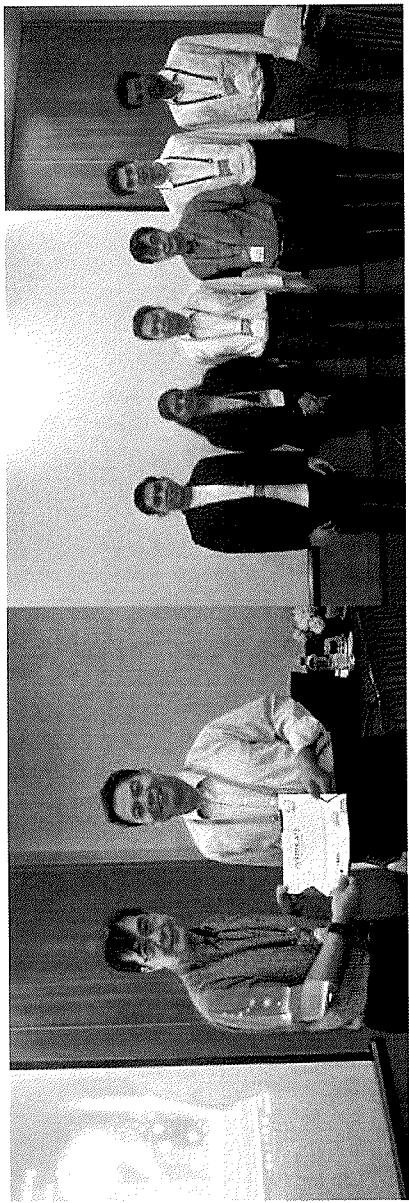

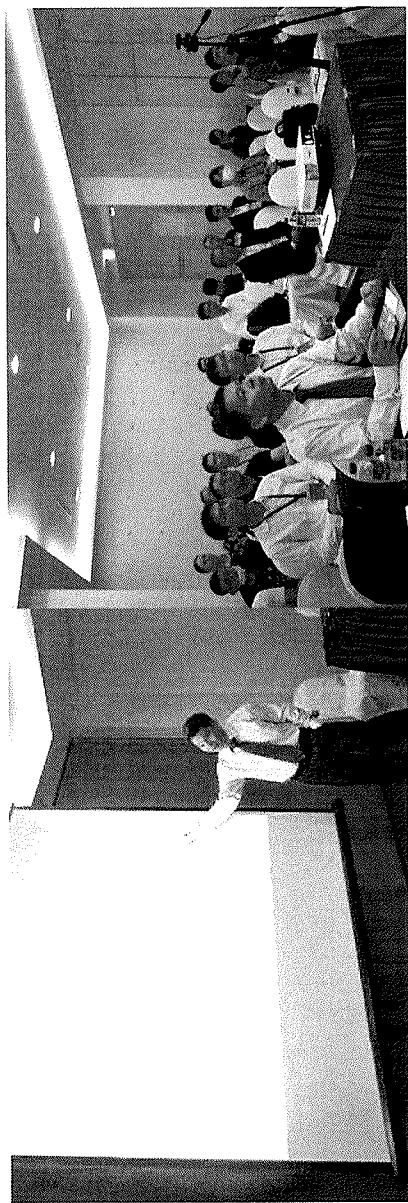

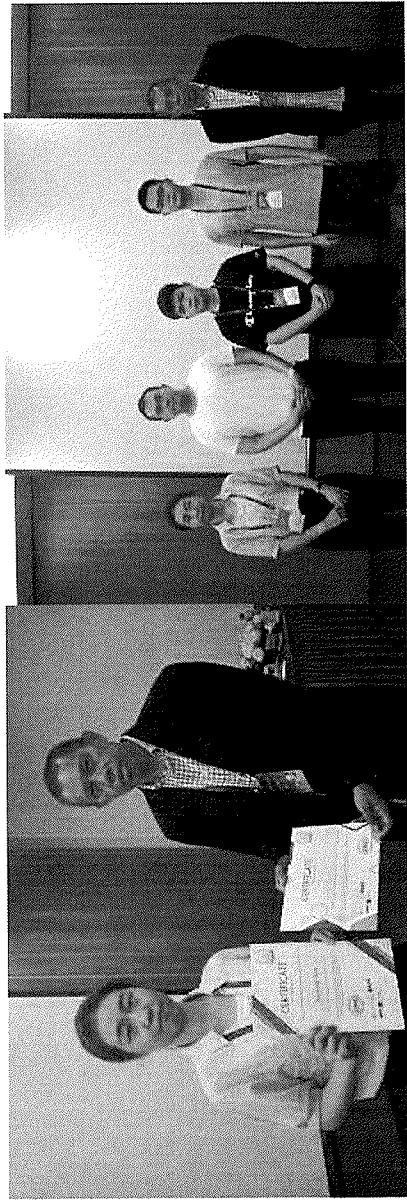

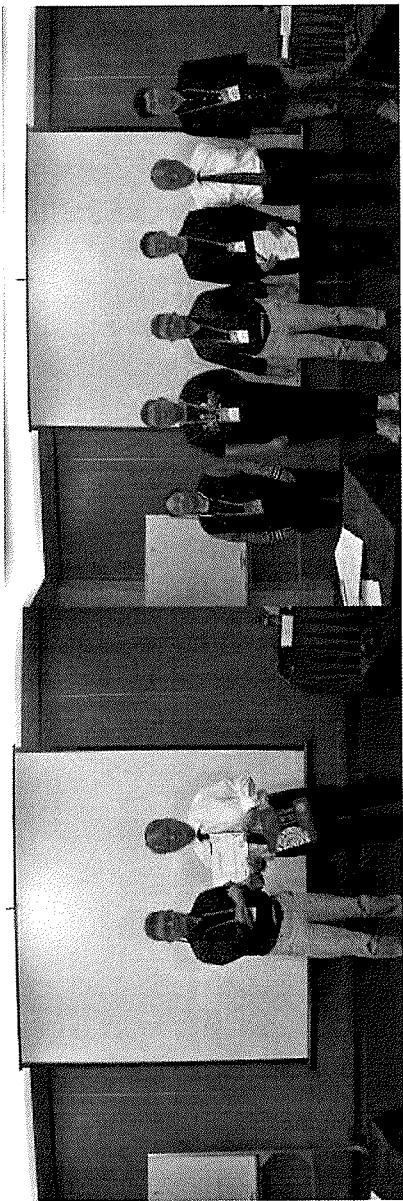

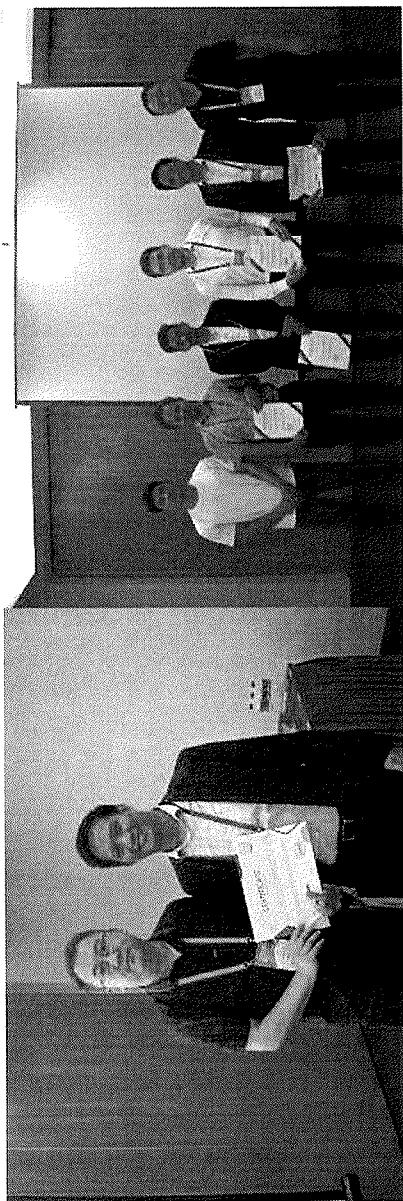

ICRAE 2023 | www.terai.org.in | TERAI

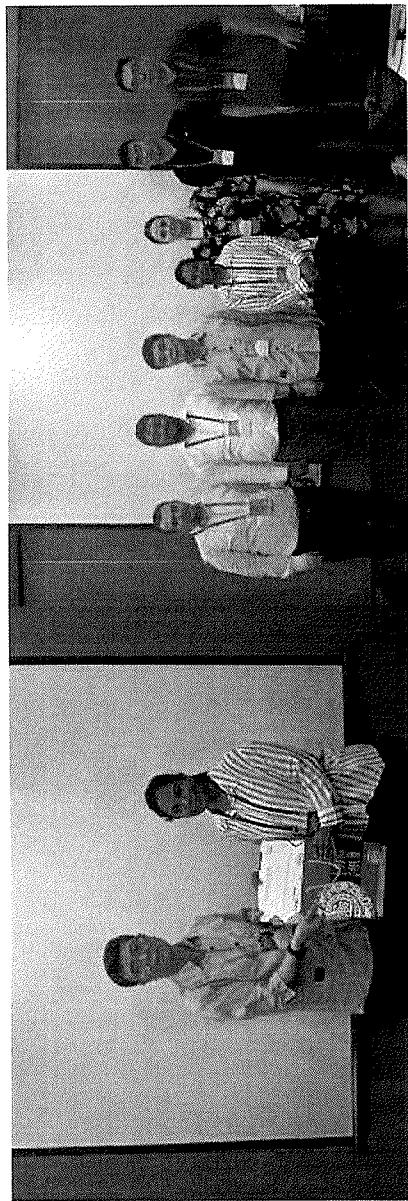

ICRAE 2023 | www.terai.org.in | TERAI

## BEST STUDENT PAPER AWARD

Paper Title: Dynamic 3D Reconstruction using Moving Depth Camera Mounted on Robotic Arm

Authors: Haonan Mai, Xianhao Chen, Leixin Chang and Liangjing Yang

## BEST PRESENTATION AWARDS

Onsite Session 1

Paper Title: The Extraction of Road Marks Using Automotive-Grade Lidar Data and Deep Learning Technique

Presenter: Tee-Ann Teo, National Yang Ming Chiao Tung University, Taiwan

Onsite Session 2

Paper Title: Graph-Based Path/Foothold Planning and Quantitative Map Evaluation for Multi-Limbed Climbing Robots

Presenter: Kazuki Takada, Tohoku University, Japan

Onsite Session 3

**Paper Title:** Modeling Bi-directional Wedge-type Segmented Soft Pneumatic Bending Actuator for Hand Rehabilitation using Finite Element Method

**Presenter:** Manuel C. Ramos Jr., University of the Philippines, Philippines

#### Onsite Session 4

**Paper Title:** Simulation of Vehicle Platoon Overtaking a Normal Vehicle

**Presenter:** Eisuke Kita, Nagoya University, Japan

#### Onsite Session 5

**Paper Title:** HUMM: A New Dataset for Human Movement in Manufacturing

**Presenter:** Jiarong Yao, Nanyang Technological University, Singapore

#### Onsite Session 6

**Paper Title:** HUMM: Coupled Output Synchronization for Leader-Follower Vehicle Platooning

**Presenter:** Pallavi Sinha, Indian Institute of Technology, India

#### Online Session 1

**Paper Title:** Boosting Robot Intelligence in Practice: Enhancing Robot Task Planning with Large Language Models

**Presenter:** Yisheng Zhang, Shanghai Jiaotong University, China

#### Online Session 2

**Paper Title:** Enhancing Few-Shot 3D Point Cloud Semantic Segmentation through Bidirectional Prototype Learning

**Presenter:** Xuehang Guo, University of Pittsburgh, United States

2.b Invitat la conferința "International Conference on Electrical, Computer and Energy Technologies - ICECET 2024"

 ICECET tentative conference programs[Physical Program](#)[Online Program](#)

The 4<sup>th</sup> International Conference on Electrical, Computer and Energy Technologies (ICECET) is a multidisciplinary, peer-reviewed international conference that provides a forum for the exchange of latest technical information, the dissemination of the high-quality research results, the presentation of the new developments in the area, and the debate and shaping of future directions and priorities. ICECET aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Electrical, Computer and Energy Technologies.

Prospective authors are kindly encouraged to contribute to and help shape the conference through submissions of their research abstracts, papers and e-posters. Also, high quality research contributions describing original and unpublished results of conceptual, constructive, empirical, experimental, or theoretical work in all areas of Electrical, Computer and Energy Technologies.

All submissions will be subject to peer reviews and accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements.

2.b Invitat la Sydney University

2.b Invitat la Ziua KNX Transilvania

Subiect [Extern] Invitatie: Ziua KNX TRANSILVANIA 11-12 mai, Cluj-Napoca  
Expeditor Rafael Marculescu (M&S) <[rafael.marculescu@marcandsons.ro](mailto:rafael.marculescu@marcandsons.ro)>  
Destinatar Marc & Sons - Office <[office@marcandsons.ro](mailto:office@marcandsons.ro)>  
Data 2021-05-06 13:10

Stimati colaboratori, dragi prieteni,

Peste cateva zile voi fi din nou Cluj-Napoca, un oras drag mie, la Grand Hotel Italia, pentru a participa la evenimentul "Ziua KNX TRANSILVANIA 11-12 mai", organizat de Asociatia KNX ROMANIA. Nu va ascund ca noi, MARC & SONS, vom si si sponsorii, prin urmare vom avea ocazia sa aducem cele mai noi aparate si sa vi le prezintam.... avem vreo 3 noutati, dintre care una, de la BES, este premiera mondiala! Nu e gluma, BES-ul a acceptat sa facem noi prima prezentare a noului lor produs! Nu stiti cat de onorati suntem! :)

Va astept cu drag sa ne revedem si sa ma discutam de noutatile aparute in piata, in lumea KNX, in comunitatea romaneasca! Va rog trimiteți invitația și colegilor, partenerilor, colaboratorilor dvs., fie ei proiectanți, dezvoltatori, arhitecti sau studenți - vezi agenda interesanta mai jos!

Va doresc o zi buna si nu uitati sa imi confirmati prezenta sau sa va inscrieti direct la Oana Dinu, la [info@knx.ro](mailto:info@knx.ro), daca nu ati facut-o deja!

Cu stima/Best regards,  
Rafael Marculescu

----- Forwarded Message -----

**Subject:** Ziua KNX TRANSILVANIA 11-12 mai, Cluj  
**Date:** Wed, 21 Apr 2021 06:42:34 +0000  
**From:** Asociatia KNX ROMANIA <[info@knx.ro](mailto:info@knx.ro)>  
**Reply-To:** [us18-be1bfc4e47-9e81db2a72@inbound.mailchimpapp.net](mailto:us18-be1bfc4e47-9e81db2a72@inbound.mailchimpapp.net)  
**To:** [rafael.marculescu@marcandsons.ro](mailto:rafael.marculescu@marcandsons.ro)

Dragi prieteni al automatizarilor,

Asociatia KNX ROMANIA are deosebita placere de a va invita la Ziua KNX Transilvania in perioada 11-12 mai. Evenimentul va avea loc la Grand Hotel Italia din Cluj, incepand cu ora 9:00 si este dedicat pentru crearea unui cadru permanent de comunicare dintre specialiștii și beneficiarii automatizărilor pentru clădiri, oferindu-vă oportunitatea să:

- purtați discuții despre KNX cu reprezentanții KNX ROMANIA și ai companiilor membre
- descoperiți beneficiile și oportunitățile pe care standardul KNX vi le oferă încă de la început
- fiți informați despre noutățile din domeniul automatizarilor pentru clădiri

## Agenda

### ZIUA 1 - Conferinta

- 08:00 Înregistrare și o discuții la o cafea
- 09:00 Cuvânt de bun venit
- 09:05 Noutăți din lumea automatizarilor KNX
- 10:30 Pauză de cafea
- 11:00 Noutati: Aplicatii software romanesti ptr KNX
- 12:30 Prânz
- 13:30 De ce sa investesti in automatizari de cladiri la ansambluri rezidentiale?
- 14:30 Pauză de cafea
- 15:00 De ce sa investesti in automatizari de cladiri la hoteluri?
- 16:00 Despre KNX ROMANIA și comunitatea românească
- Tombolă (licente ETS, curs Certificare KNX și alte premii surpriză)

- 16:45 Discuții libere și socializare
- 18:00 Închiderea evenimentului

## Ziua 2 Seminar HVAC

- 08:30 Înregistrare și o discuții la o cafea
- 09:00 Începerea cursului
- 10:30 Pauză de cafea
- 13:00 Prânz
  - mod încălzire, mod răcire și mod încălzire + răcire
  - Regulatorul proporțional-integral
- 14:00 Demonstrație practică a funcționării termostatelor:
- 16:00 Discuții libere și socializare
- 17:00 Închiderea evenimentului
- Cost participare Seminar 100 lei

\* agenda poate suferi mici modificări

Dorind să vă avem alături în activitatea de creștere a gradului de informare și conștientizare asupra acestui subiect, de a oferi soluții practice și moderne pentru creșterea eficienței energetice și realizarea de clădiri verzi în România, vă transmitem invitația călduroasă de a participa la acest eveniment.

Va rugam sa confirmati participarea pana marti, 7 mai la e-mail : [info@knx.ro](mailto:info@knx.ro), tel : 0770 278 562, sau folosind formularul de inregistrare disponibil aici.
