Dear Colleagues,
we have received the
candidatures.

A strong candidature (that was
also present in the past), which
is indeed the unique with
specific documentation, is from
Romania (Prof. Vlad Muresan).
I have attached all the
information.

We will start all the process for
the IFAC submission very soon.
So, thank you very much Vlad.
For the next events, at the
moment, we have the following
candidatures:

- 2028: TU Delft (Prof José
L. Rueda Torres)
- 2029: World Congress
- 2030: Italy (University of
Genova)

Best Regards,
Michela
