Options form
for the IV'th year of study **Automation and Applied Informatics** for univ. year **2023-2024**

Student name: _____

Group: _____

1. Each student will choose an option of study:

Option	Yes/No
Automation	
Applied informatics	

2. Each student will choose a course:

Course	Yes/No
Marketing	
Personal and Professional Development	
Academic Ethics and Integrity	

3. Each student will choose a course (depending on the chosen option of study):

Option	Course	Yes/No
Automation	Estimators in Dynamic Systems Control	
	Building Automation	
Applied informatics	Digital Security	
	Digital Graphics	

Students will complete the options and will send by e-mail the signed form (.pdf format) by **FRIDAY 30.06.2023 h12** to loana.Chis@aut.utcluj.ro. The repartition will take into account the student's option and the average of the first 3 years of study. Student who do not submit the options form until the mentioned date will be distributed by the management of the department.

Date: _____

Signature, _____

Note1: In the situation that, due to the grade, you will be assigned to an option other than the one chosen, please choose one discipline for each option (A/I) at point 3. If you do not choose both options, in the given situation you will be assigned by the management of the department.

Note2.

Automation:

Electrical Machines and Drives
Microsystems and Data Acquisition
Digital Control of Machine - Tools
Optimization
Estimators in Dynamic Systems Control or Building Automation

**Applied informatics:**

Computer Networks
Project Management
Computer - Integrated Manufacturing
Web Technologies
Digital Security or Digital Graphics

Note3: *If due to the financial constraints will not be possible to organize courses on options, in the academic year 2023-2024 the English track will follow the "Applied informatics" option. Also, if the methodology for drawing up the function states will not allow the launch of all optional courses, the discipline chosen by the majority of the students on each option will be launched.*
